

For your ease of reference, we have added the ratings from James Suckling (JS) and its founder Mr. Robert Parker (RP), Wine Spectator (WS), Wine Enthusiast (WE), Jasper Morris (JM) whenever they are available. Each wine critique has his personal preferences and they may not be yours. In addition, the same critique may use different standards to judge expensive as opposed to moderately priced wines, or wines from different regions. Last but not least, rare and limited production wines are often unrated because the critique did not get a chance to taste them; not because they were not worth writing about. In the end, we recommend that you trust your own experience and use the ratings only as a reference.

We wish you as much fun hunting through this wine list, as we had putting it together.
